New England Water Environment Association Presents:

# **NEWEA 2018 Spring Meeting & Exhibit**

June 3–6  
Gurney's Newport Resort & Marina  
Newport, Rhode Island

Janine Burke-Wells  
NEWEA President

**Please join us** at Gurney's Newport Resort & Marina in Newport, Rhode Island for the 2018 Spring Meeting. The Spring Meeting provides a time for our members and others to network and discuss the technical and operational challenges faced in our efforts working for water quality. Attend the technical sessions for professional development opportunities and don't forget the ever-popular Operations Challenge competition.

Our meeting begins on Monday with a breakfast and General Opening Session. Our keynote speaker is the Honorable Sheldon Whitehouse, United States Senate, State of Rhode Island. Sheldon Whitehouse has spent more than 30 years in public service, and is dedicated to helping small businesses grow, making health care affordable for every family, and fighting to break through the barricade of special interests in Washington that are blocking action on climate change.

Amy Anderson  
Program Committee Chair

Monday, Tuesday and Wednesday feature eight technical sessions with topics ranging from climate change and resiliency to utility management and outreach. Monday morning features our "Keeping it Local—Hot Button Issues in Rhode Island" session which focuses on local topics surrounding Newport and Rhode Island. The Operations Challenge runs all day Tuesday with the awards ceremony starting at 4:00 PM. Come and cheer on your favorite team or just come to see these water quality professionals in action. The Exhibit Hall will open on Monday 7:30 AM and continue until 5:00 PM Tuesday.

The Golf Tournament will be held on Monday at the Green Valley Country Club and take some time on Tuesday to explore all Newport has to offer! Tuesday evening, we will have the NEWEA Reception and Dinner with a traditional New England flair.

While enjoying yourself at the Spring Meeting, reach out to any member of a NEWEA committee to find out how you can become involved and do more. After all, it's the Year of the Volunteer!

On behalf of the Program Committee, we look forward to seeing you at the Spring Meeting in Newport, RI. It will be a fantastic way to reconnect with current colleagues, meet new ones, and learn about our latest industry trends.

Moderator: Amy Anderson, NEWEA Program Committee Chair, Arcadis  
Welcome: Janine Burke-Wells, NEWEA President, Warwick, RI Sewer Authority  
Featured Speaker: **Sheldon Whitehouse**, United States Senator, Rhode Island

The Providence Journal described Senator Whitehouse as “a strong-willed and articulate member of the Senate on national issues and an energetic champion of Rhode Island economic and other interests.” The examples set by people like his father, a World War II veteran and diplomat, and by great figures in Rhode Island public life, like U.S. Senator Claiborne Pell and Governor Bruce Sundlun, taught Sheldon the good that public service can do for our country and our state. Throughout his more than thirty years in public service, Sheldon has focused on the basic issues that make a real difference in people’s lives.

U.S. Senator, Sheldon Whitehouse

A graduate of Yale University and the University of Virginia School of Law, Sheldon served as Rhode Island’s Director of Business Regulation under Governor Sundlun before being recommended by Senator Pell and nominated by President Bill Clinton to be Rhode Island’s United States Attorney in 1994. He was elected Attorney General of Rhode Island in 1998. In 2006, Rhode Islanders elected Sheldon to the United States Senate, where he is a member of the Budget Committee; the Environment and Public Works Committee (EPW); the Judiciary Committee; and the Finance Committee. He and his wife Sandra, a marine biologist and environmental advocate, live in Newport.
