NEWEA
WORKING FOR WATER QUALITY

Raymond Vermette
NEWEA President

Please join us at Wentworth by the Sea in New Castle, New Hampshire for the 2019 NEWEA Spring Meeting. The Spring Meeting provides a time for our members and others to network and discuss the technical and operational challenges faced in our efforts working for water quality. Attend the technical sessions for professional development opportunities and don't forget the ever-popular Operations Challenge competition.

Our program kicks off with our second annual Young Professionals Community Service Project. This new tradition is a great start to the week! This year's project focuses on reviving a troublesome green infrastructure feature in Dover, New Hampshire and includes a tour of the award-winning Berry Brook Watershed.

Amy Anderson
Program Committee Chair

Monday morning begins with a breakfast and General Opening Session. Our keynote speaker is The Honorable Jeanne Shaheen, United States Senate, State of New Hampshire. Senator Shaheen has served in the United States Senate since 2009 and is known for her common-sense leadership, hard work and dedication to improving the lives of the middle class.

Monday, Tuesday and Wednesday feature nine technical sessions with topics ranging from innovative technologies in our industry to resiliency and contaminants of emerging concern. In keeping with this year's Innovation theme, we feature two technical sessions highlighting innovative ideas in our workplace and a session highlighting the New England Water Innovation Network (NEWIN). The Stormy Awards will be presented in Session 6 on Tuesday afternoon. Stop in and congratulate the recipients!

The Operations Challenge runs all day Tuesday with the awards ceremony starting at 4:00 PM. Come and cheer on your favorite team or just come to see these water quality professionals in action. The Exhibit Hall will open on Monday at 7:30 AM and continue until 5:00 PM Tuesday.

The Golf Tournament will be held on Monday at the Breakfast Hill Club and our featured tour on Tuesday is at the Peirce Island WWTP. Tuesday evening, we all gather at the NEWEA Reception and Dinner with a traditional New England flair.

On behalf of the Program Committee, we look forward to seeing you at the Spring Meeting in New Castle, New Hampshire. It will be a fantastic way to reconnect with current colleagues, meet new ones, and learn about our latest industry trends.

Raymond Vermette, NEWEA President

TECHNICAL SESSIONS 1 & 2

9:15 – 11:45 AM
Break 10:15 – 10:45

INNOVATIVE SOLUTIONS TO EVERYDAY PROBLEMS

SESSION 1

Moderators: Matt Formica, AECOM
Kate Biedron, CDM Smith

A Global Community Within Anaerobic Ammonium Oxidizing Bioreactors

- Jennifer Lawrence, Tighe & Bond
- Ray Keren, University of California/Berkeley

How to Meet Water Quality Requirements by Shutting your Plant Down . . . Permanently: HRSD's Program to Decommission a 24-MGD WWTP to Satisfy TMDL Water Quality Regulations

- Will Schafer, Kimley-Horn
- Jacob Williams, Kimley-Horn

A Synergistic Approach to Net Zero Resource Recovery Facilities – Success Story and Innovations at Hermitage Municipal Authority

- Sudhakar Viswanathan, Veolia Water Technologies

Targeted Phosphorus Recovery

- Justin Wippo, Thermal Process Systems
- Ben Horner, Hazen and Sawyer
- Fred McNeill, City of Manchester, NH EPD

COLLECTION SYSTEMS—

SESSION 2

PROACTIVE TOOLS AND EMERGENCY RESPONSE

Moderators: Brad Hayes, Woodard & Curran
Scott Lander, Retain-It

Prescriptive Cleaning May be a Bitter Pill to Swallow but Some Municipalities are Finding a New Tech-Cure

- Jay Boyd, ADS LLC
- Matthew Brown, ADS LLC

GIS Tools for Management and Manipulation of Wastewater Infrastructure Data

- Michael Hanley, Dewberry
- Peter Garvey, Dewberry

Big Sewer Break—Big Problems

- Jeremy Bouvier, City of Manchester, NH Environmental Protection Division
- Fred McNeill, City of Manchester, NH Environmental Protection Division
- Ben Horner, Hazen and Sawyer

Nantucket's Emergency Response to Catastrophic Force Main Break—January 2018

- Paul Millett, Environmental Partners Group, Inc.
- David Gray, Jr., Town of Nantucket, MA
- Ziad Kary, Environmental Partners Group, Inc.

Lunch Break (on own) 11:45 AM

Monday, June 3 (continued)

TECHNICAL SESSION 3

1:00 – 3:30 PM
Break 2:00 – 2:30 PM

PHOSPHORUS REMOVAL— MONITORING STRATEGIES AND INNOVATIVE TECHNOLOGIES

SESSION 3A

Moderator: Ned Beecher, NEBRA

Optimizing Biosolids Processing, Energy Reuse and Sidestream Treatment

- Meg Hollowed, Veolia Water Technologies
- Sudhakar Viswanathan, Veolia Water Technologies
- Brad Mrjdenovich, Veolia Water Technologies

City of Manchester, NH WWTF Boiler Upgrade Project

- Robert Robinson, City of Manchester, NH EPD
- Robert Morris, City of Manchester, NH EPD
- Ryan Nealley, Yeaton Associates, Inc.

SYSTEM OPTIMIZATION FOR ENERGY SAVINGS AND ENERGY USE

SESSION 3B

Moderator: Sharon Nall, NH DES

Orthophosphate Monitoring and Phosphorous Removal Control

- Myra Michaels, Xylem
- Benjamin Barker, Xylem
- Robert Smith, Xylem

Rare Earth Technology in Wastewater Treatment

- Logan Wherry, Neo Water Treatment

Spring Meeting Welcome Reception (Ballroom) 6:00–7:30 PM

Select Society of Sanitary Sludge Shovelers (5S) Induction Ceremony 7:15 PM

During the Monday evening reception, Influent Integrator Charles W. Tyler will induct 7 new members into the Select Society of Sanitary Sludge Shovelers: Bob Domkowski, Xylem; Bruce Kirkland, Greater New Haven WPCA; Joe Kruzel, Springfield Water & Sewer Commission; Nora Lough, Narragansett Bay Commission; Jerry Potamis, Falmouth, MA; Kerry Reed, City of Framingham, MA; Tim Vadney, Wright-Pierce

Tuesday, June 4

Morning Bike Ride 7:00 AM

Coordinator: Adam Yanulis, Tighe & Bond

Join the NEWEA cyclists for an informal bike ride to start the day off right. The pace is moderate but not competitive and all are welcome. No fee to participate.

Continental Breakfast 7:30–9:00 AM

Registration 7:30 AM–5:00 PM

Speakers' Breakfast 7:30–8:30 AM

Exhibit Area Open 7:30 AM–5:00 PM

NEWEA Presidents' Breakfast (by invitation only) 8:00–9:00 AM

Operations Challenge Event 8:30 AM–3:00 PM

Winning teams from New England will represent NEWEA in the WEF national event to be held in Chicago in October.

TECHNICAL SESSIONS 4 & 5

9:00 – 11:30 AM
Break 10:00 – 10:30

STORMWATER STRATEGIES—PLANNING FOR SUCCESS

SESSION 4

Moderators: Natalie Pommersheim, Environmental Partners Group, Inc.
Renee Bourdeau, Horsley Witten Group

Stormwater Master Planning for Urban and Rural Communities

- Dana Allen, Watershed Consulting Associates, LLC
- Kerrie Garvey, Watershed Consulting Associates, LLC
- Becky Tharp, Watershed Consulting Associates, LLC
- Andres Torizzo, Watershed Consulting Associates, LLC

Credit for Going Green: Expert Elicitation Methods to Develop Pollutant Load Reductions from Buffers

- James Houle, University of New Hampshire Stormwater Center

Stormwater Management in Multiple Dimensions

- Carol Hufnagel, Tetra Tech

Meeting TMDL Requirements: Municipal Incentives and Support for Private Stormwater Updates

- James Sherrard Jr., Town of Williston, VT

INNOVATION IN OUR INDUSTRY

SESSION 5

Moderators: Jim Barsanti, City of Framingham, MA
Miles Moffatt, Tighe & Bond

Installation of Screw Press for Solids Dewatering at Westerly WWTF

- Stephen Clark, Jacobs
- Nick De Gemmis, Jacobs
- Kevin Dahl, Jacobs

Case Study: UV Upgrade Produces Real Energy Savings for Ayer, MA WWTP—How Innovative Non-Contact Technology Cut Power Consumption and Costs

- Kenneth Harwood, Town of Ayer, MA
- Thomas Valorose, Russell Resources, Inc.

Wireless, Accurate and Long-term in situ Monitoring of Nitrogen towards Energy Saving Wastewater Treatment Processes

- Yuankai Huang, University of Connecticut
- Tianbao Wang, University of Connecticut
- Zhiheng Xu, University of Connecticut
- Baikun Li, University of Connecticut

Self-Leveling Manhole Technology—Protecting the Integrity of Your Roadways and Minimizing Maintenance Costs

- Brian Steitz, EJ
- Craig Coggins, EJ

Buffet Lunch in the Exhibit Area 11:30 AM–1:30 PM

Facility Tour—Peirce Island Wastewater Treatment Facility 1:30–4:00 PM
(see page 8 for complete tour details)

Tuesday, June 4 (continued)

TECHNICAL SESSION 6 & 7

1:30 – 4:00 PM

Break 2:30 – 3:00

2018 STORMY AWARDS—

SESSION 6

BEST IDEAS IN NEW ENGLAND STORMWATER

Moderators: Zach Henderson, Woodard & Curran
Kerry Reed, City of Framingham, MA

Municipal and institutional stormwater management programs in New England are challenged by limited dedicated funding, political support, and staff capacity. Each year, the New England Stormwater Collaborative, a joint committee of NEWWA, NE APWA and NEWEA, awards exceptional ideas that are changing that situation. This session will provide an overview of the STORMY Award program, present the 2018 winning ideas, and end with a panel discussion.

The 2018 New England Stormy Award winners are:

Franklin Tree Wells

– Brutus Cantoreggi, Town of Franklin, MA

Think Blue Massachusetts—A Statewide Education Campaign to Build Awareness of Stormwater

– Robin Leal Craver, Town of Charlton, MA and MA Statewide Municipal Stormwater Coalition

Climate Resilient Design Standards and Guidelines for Protection of Public Rights of Way

– Katie Choe, City of Boston, MA DPW

Panel Discussion on Past and Present STORMY Award Winning Ideas

WATER TECHNOLOGY & INNOVATION - EMBRACING

SESSION 7

FORWARD THINKING APPLICATIONS & SOLUTIONS TO ADVANCE THE NATION'S CLEAN & SAFE WATER GOALS

Moderators: Helen Gordon, Environmental Partners Group
Deb Mahoney, Hazen and Sawyer

Water Innovation—Inspire, Connect, and Accelerate the Revolution.....1:30 – 2:30

– Prof. David Reckhow and Patrick Wittbold, University of Massachusetts/Amherst
– Michael Murphy, MA Clean Energy Council
– Miles Walker, Woodard & Curran

Workforce Diversity—Attracting and Retaining a3:00 – 4:00

Diverse Workforce in the Water Industry

– Roberto Vengoechea, Watts Water Technologies
– Jacqueline Ashmore, Boston University Institute of Sustainable Energy
– Erika Rodriguez, Chica Project

Operations Challenge Wrap-up and Awards Presentation..... 4:00 – 5:00 PM

NEWEA Reception and Dinner..... 6:30 – 10:00 PM

Please check the final program for location and details

Wednesday, June 5

Registration and Continental Breakfast 8:00 – 8:30 AM

TECHNICAL SESSION 8 & 9

9:00 – 11:30 AM

Break 10:00 – 10:30

RESILIENCE STRATEGIES—BRACING FOR CHANGE

SESSION 8

Moderators: Patrick Gordon, StormTrap
Vinta Varghese, Jacobs

The City of Quincy Coastal Flood Mitigation & Infrastructure Resiliency Strategies

– Marina Fernandes, Tighe & Bond
– Paul Costello, City of Quincy, MA
– Gabrielle Belfit, Tighe & Bond

Resilient Design and Regulating for Climate Change

– Anniq Fleurat, VHB
– Mark Costa, VHB

Living with the Bay Rebuild by Design Resiliency Strategy: The Plan, The Program, The Projects

– Jake Oldenburger, Tetra Tech
– Michael Bomar, Tetra Tech

Advancing Statewide Risk Reduction and Resilience in Massachusetts

– Aaron Weieneth, AECOM

PLANT OPERATIONS

SESSION 9

Moderators: Tom Hazlett, Woodard & Curran
John Adie, NH DES

Addressing Brain Drain in Portland, Maine

– Scott Firmin, The Portland Water District
– Charlene Poulin, The Portland Water District

Updating a CSO Facility with New Technology and No Interruption in Service

– Roger Kaliman, Tetra Tech

A Multi-Sector Approach to Reduce Energy Consumption and Optimize Process Efficiency at the Upper Blackstone

– Edris Taher, Upper Blackstone Clean Water
– Karla Sangrey, Upper Blackstone Clean Water
– Tim Loftus, Upper Blackstone Clean Water

Opening the Floodgates of Experiential Learning for Students of All Ages

– Nick Tooker, University of Massachusetts
– Todd Brown, University of Hartford
– Annalisa Onnis-Hayden, Northeastern University
– Nels Tooker, Newington, NH Public Schools

Mr. & Mrs. Fish (two performances) 9:30 and 11:30 AM

This year's performance is: Ocean Food Chain Enjoy learning about the importance of water and keeping our oceans clean in a fun, laughter-filled performance by award-winning marine educators "Mr. & Mrs. Fish."

Box Lunch 11:30 AM

Tuesday, June 4

TOUR DETAILS

Due to parking limitations at Peirce Island, transportation will be provided.

Be ready to leave the hotel no later than 1:30.

Tour starts promptly at 2:00

Peirce Island Wastewater Treatment Facility

The City of Portsmouth, New Hampshire is undertaking the largest capital project in the City's history to upgrade the Peirce Island Wastewater Treatment Facility. The project, required by a Consent Decree with the EPA, will upgrade the existing chemically enhanced primary treatment system to a secondary treatment facility with nitrogen removal processes. The City's Final Wastewater Master Plan from 2010 identified the need for high-rate, small footprint treatment technologies due to the limited amount of available space on Peirce Island. Since these high-rate technologies have limited full-scale installations, it was recommended that several different systems be piloted to determine the most applicable technology. Based on the results of the extensive piloting program, the use of a two-stage Veolia Water Technologies BIOSTYR™ Biological Aerated Filter (BAF) was recommended. The first BAF stage accomplishes both carbon oxidation and nitrification while the second stage is designed for denitrification.

The \$92M project commenced construction in the Fall of 2016 and will increase the design average daily flow from 4.8 MGD to 6.13 MGD. The scope of the project also includes renovation of the existing grit removal building and construction of new headworks, solids handling, laboratory, and administrative facilities. The project is currently more than halfway through its four year construction period with the new secondary and nitrogen removal facilities projected to begin operation in the first half of 2020.
